# *Alabama's Role In The Global Marketplace*

## *Greetings!*

**W**e are pleased to provide you a copy of the new Alabama International Trade Directory. You will find the Directory to be a complete, current and accurate source of high quality Alabama-made products and services ready for export. Our thriving economy includes industries significant in the manufacture of automotive, aerospace, agribusiness, forestry, chemical, medical, biotechnology, electronics and steel products.

Investors, both foreign and domestic, are recognizing the advantages of doing business in Alabama. Alabama is strategically located at the center of the United States' fastest growing economy. We boast a business-friendly environment with one of the nation's lower overall operating costs. Coupled with an educated, productive work force and quality of life unequaled anywhere, you will find business opportunities are limitless. We take great pride that world-class companies such as Mercedes-Benz, Boeing, Honda, Toyota and Hyundai are now located in our state.

Alabama is a state on the move, where companies are working hard to seek out business opportunities in the global market. Whether your interest is in products, investment or tourism, we are here to serve you.

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Riley". The signature is fluid and cursive, with a large, stylized "B" and "R".

# EXPORT ALABAMA

# International Investment

## & Trade

- ❖ Alabama is situated in the center of the fastest-growing region in the country, the Southeast United States.
- ❖ Located on the Gulf of Mexico, Alabama is a gateway to the rapidly growing markets in Mexico, Central America and South America. The state is capitalizing on NAFTA through participation in such agreements as the States of the Gulf of Mexico Initiative, a regional effort designed to promote economic, educational and cultural exchanges between Mexican and U.S. states bordering the Gulf of Mexico.
- ❖ Alabama is home to 320 foreign-affiliated industrial establishments that represent 26 countries. Since 2000, 388 projects generated by companies in 23 foreign countries have announced either locations or expansions of existing industries in Alabama, accounting for more than 40,000 new jobs and \$13.5 billion in capital investment.
- ❖ The state's top export sectors include automotive, chemicals, forest products, computers & electronics and machinery.
- ❖ Alabama ranks 25<sup>th</sup> in the U.S. for exports with companies shipping products to 179 countries.
- ❖ Some 2,500 Alabama companies provide high-quality Alabama-made products and services ready for export. These significant industries include automotive, aerospace, agribusiness and forestry products, chemicals medical and biotechnology, electronics and steel.
- ❖ Alabama is an important producer and exporter of agricultural products. Top agricultural products include soybeans, corn and wheat, chicken cuts and edible offal, live animals and dairy products.
- ❖ Alabama's main imports include mineral fuel, industrial machinery, vehicles (except railway or tramway), apparel articles and accessories, and electric machinery.
- ❖ Alabama's exports of goods and services directly and indirectly support more than 150,000 jobs in the state.
- ❖ The Alabama State Port Authority operates a full-service port on the Mobile River, 33 miles from the Gulf of Mexico. Transportation advantages include unencumbered access, adjacent to two main interstate highways, 5 class 1 railroads, 15,000 miles of barge lane; container/intermodal general cargo & bulk terminals with dedicated truck control gate, 27 general cargo berths dredged to 40 foot water depth, over 2.4 million square feet of warehouses and over 4 million square feet of covered and open storage; State Port expansion plan features a 40-acre container and multi-user intermodal terminal, two 2,000-foot berths on 45 ft. channel, adjacent to two major interstate highways and air cargo terminal, with dedicated value-added warehousing and distribution areas.
- ❖ The U.S.-Mexico rail-ferry service from the ports of Mobile, Alabama and Coatzacoalcos, Mexico, features multi-vessel sailings and fast transit time.
- ❖ The Port of Huntsville is an innovative and unique inland port comprised of Huntsville International Airport, the International Intermodal Center and Jetplex Industrial Park. The Port provides a single hub location that specializes in a wide range of services including passenger service to domestic and international destinations; receiving, transferring, storing and distributing air, rail, and highway cargo to domestic and international markets; a public use foreign trade zone, 24-hour U.S. Customs and USDA inspectors and freight forwarders; and business location opportunities.
- ❖ Five Foreign Trade Zones (FTZs) and numerous sub zones currently operate in Alabama. They are located in Birmingham, Dothan, Huntsville, Mobile and Montgomery.
- ❖ Public/private grant programs are designed to assist Alabama companies in expanding export activities.
- ❖ Five Alabama banks provide complete international banking services for companies located throughout the Southeast.
- ❖ Additional export assistance is available through a number of non-profit trade associations, chambers of commerce, customhouse brokers, foreign freight forwarders, university programs, federal agencies and honorary consulates.
- ❖ Alabama Development Office offers trade promotion services to Alabama manufacturers, including
  - participation in overseas catalog shows, trade shows, and trade missions;
  - opportunities to meet one-on-one with foreign buyers visiting Alabama; and
  - a listing in the Alabama International Trade Directory, a worldwide publication.
- ❖ Alabama Development Office officials representing Europe, Japan and Korea are available to lend assistance to Alabama manufacturers, international buyers, licensees and other potential business partners.

# Air/Sea Provides Innovative solutions for both Import and Export

Air/Sea is a full service, vertically integrated, international logistics provider specializing in exports of forestry products and imports of various commodities. Founded in 1976, Air/Sea also manages roll on / roll off cargoes such as boats, cars, etc.

Air/Sea core values include:

- > Consistency
- > Enthusiasm
- > Competitiveness
- > Efficiency
- > Creativity
- > Pragmatism

Combining trucking, rail, intermodal, ocean freight, and customs clearance, Air/Sea is an industry-leader in terms of providing total value through price & service.

Air/Sea has a complete series of service contracts with 20+ container lines combined with a very experienced staff that is dedicated to fulfilling your needs.

**AIR/SEA**
